**Veer Surendra Sai University of Technology,
Burla**

Veer Surendra Sai University of Technology (VSSUT), Odisha formerly known as University College of Engineering, (UCE) Burla was established in the year 1956 as the first engineering college of the State at the foot hill of the world famous Hirakud dam. VSSUT, Odisha has carved a niche for itself among the best technical institutes in India and is a dream institute for many budding engineers. The University offers B.Tech., M.Tech., M.Sc, MCA and Doctoral research programmes. The University is surrounded by a large number of Government, public and private industrial sectors such as MCL, OHPC, HINDALCO, NALCO, NTPC, OPTCL, Vedanta Aluminium Ltd and Bhusan Steel Plant to name a few. The institute has an excellent placement record with a number of top ranking companies visiting the campus every year.

Invitation to RAREC 2015

The National Conference on “Recent Advances in Renewable Energy & Control” (RAREC-2015) will be held at VSSUT, Burla on 11th -12th April, 2015. The conference will provide a unique opportunity to participate and understand the recent advances in renewable energy, its control for future challenges for its growth and sustainability in this world of cutting-edge competition. Electrical Engineering & EEE Department, VSSUT, Burla extend a hearty invitation to all to attend the conference.

Conference Themes

The prime objective of the conference is to promote research and recent developmental activities for conversion of renewable energy to electrical power and integration to existing power systems. The conference aims to bring together scholars, innovative researchers, leading professionals, managers, policy makers and industrial experts to exchange and share their experiences and research activities about all aspects of power system advancement and discuss the practical challenges encountered and the solution strategy adopted.

The conference will be focused on the various direction of development in power systems. Topics of interest include but not limited to the following subjects of power engineering:

- Solar Energy
- Photovoltaic Energy
- Thermal Energy Utilization
- Hydro Energy
- Wind Energy
- Geothermal Energy
- Fuel Cell Technology
- Ocean & Tidal Energy
- Hybrid Systems
- Distributed Generation
- Energy Storage
- Energy Efficiency

- Grid Interconnection issues of Renewable Sources
- Control of Renewable Energy
- Optimization Techniques
- Power Quality issues related to Renewable Sources
- Power Electronics in Renewable Sources
- Power System Stability & Control
- Load Management
- Smart & Micro Grid
- Restructured Power Systems and Deregulation

Paper Submission Details

Full-length papers on the conference themes are invited. Prospective authors are requested to submit full-length paper by electronic submission via Email to: **rarec2015vssut@gmail.com**. The title of the paper, name(s), affiliation(s), address(es) and email(s) of authors should be indicated at the top. All papers must follow strictly IEEE formatting with maximum 6 pages. Violation of which may lead to rejection of the paper.

At least one of authors' should register and present the paper for publication in conference proceedings.
